

We are pleased to welcome you as a patient to our office. This letter will help explain what to expect when you come in for your consultation.

The visit should take between 30 and 40 minutes. We encourage you to bring x-rays from your dentist, although a panoramic or overview x-ray may need to be taken.

For your convenience, we have enclosed a "Health History Questionnaire" and an explanation of your "Payment Options". Please fill out the entire forms at your leisure and bring it with you to your visit. We also request that you bring both your Medical and Dental insurance cards with you and a picture ID.

After an examination and x-ray review we will formulate a treatment plan. We will be able to tell you what to expect on the day of surgery, what to expect post operatively and the cost to you.

We will be happy to answer any questions you have at this time, and discuss financial arrangements.

Sincerely,

Dr. Richard C. Adams, DDS
